DETAILED ACTION

Response to 1.131 Declaration submitted 04/05/2004

1. After Examiner's review on March 26, 2007 of applicant's Declaration 1.131, it is deemed sufficient to overcome the reference, Beith, per at least Exhibit C ("Silent Prompting for BA Dialer") dated December 18, 1998 and applicant's sworn declaration submitted January 22, 2004. As one example, Page 1 lines 8-22 of Exhibit C, states that applicant's telephony dialer is currently running on three platforms and supports applicant's claimed invention of providing a silent delay period which an alternative command can be made by said caller, which in response the caller is routed to said alternative command feature.

This shows actual reduction to practice and per 37 C.F.R. 1.131 (MPEP 715.07) is sufficient to overcome the reference, Beith.

Allowable Subject Matter

2. Claims 1-62 allowed.

The following is an examiner's statement of reasons for allowance:

In view of the 1.131 declaration above, Beith is not applicable as prior art under 102 or 103 rejections. The prior arts of record, alone or in combination, does not teach providing an alternative command feature during a silent delay period which at least one alternative feature is recording a voice message for said subscriber.

The prior arts of record teach that the caller is able to cancel or stop the first call processing within the same system but does not provide an alternate positive command

Application/Control Number: 09/309,274

Art Unit: 2614

performed by the system during the silent delay period(e.g. command to record a voice message for a subscriber) and therefore does not read on applicant's claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph T. Phan whose telephone number is (571) 272-7544. The examiner can normally be reached on Mon-Fri 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Fan Tsang can be reached on (571) 272-7547. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
